### Student Residences

For off-campus or on-campus residences, you can get different types of residences to suit your budget and lifestyle, such as university dormitories, apartments, or in private residences. Many of these places are also located within a walking distance or by public transport, thus students can conveniently get to the university campus in just a short span of time. The International Student Services will provide the support the students need on issues concerning residences. A number of option are available:

**University Residences**

On-campus residence is available at all branch campuses of UniKL. It is very cheap to stay on campus, however all university housing are on quad sharing basis. If you prefer to stay on campus, please indicate in the UniKL acceptance form which will be sent together with offer letter.

**Private Residences**

Students can also choose to live off campus. The International Students Services will assist students to find suitable private residences nearby the campus.
